

Guess Where

Your school welcomes some new pupils from different countries. In order to know them better, they wrote a report about their countries. Read their reports, answer the questions and try to understand which country they come from.

My country borders on the Black Sea, a large inland sea in southeastern Europe. It shares a border with Hungary and Serbia to the west, Ukraine and Moldova to the northeast and east, and Bulgaria to the south. Its capital and largest city is Bucharest, the ninth largest city in the European Union.

The Danube River flows into the Black Sea within my country's territory forming the Danube Delta, the second largest and best preserved delta in Europe. The Danube delta hosts over 300 species of birds and 45 freshwater fish species in its numerous lakes.

My country has one of the largest areas of undisturbed forest in Europe in the famous Carpathian Mountains. Here you will find almost 400 unique species of mammals, birds, reptiles and amphibians, and most of Europe's brown bears and wolves. My country is also famous for the legend of Count Dracula whose remote castle is situated in the Carpathian Mountains. The spine-chilling tale of Dracula was inspired by the 15th century Count Vlad Dracul.
